

Project Name:

# CLÍNICA MÓVIL

CASA MI ÁNGEL

# Description

- Casa Mi Ángel is a private Charitable Association founded in 1998 by a group of people aimed at strengthening the fundamental value of the human being: Life! ConSentir is an Intelligent Sexuality Program that has been implemented nationwide to prevent young people from facing unexpected life situations such as the birth of a baby, sexual and emotional illnesses, and emotional and family rejection.
- Casa Mi Ángel is present in educational establishments, companies, health fairs, public squares and institutions, giving a series of talks aimed at training and educating in intelligent sexuality.

# Description

- Therefore, the project consists of the acquisition of a vehicle to adapt it as a mobile clinic so that the team of instructors can travel to those places where the work of guiding and advising on the consequences and repercussions that the management of sexual relations out of time and form and thus, offer techniques to guide young people in their self-esteem and raise awareness about the dignity of the human being.
- a) Make teenagers understand the importance of love and dating.
- b) Guide youth towards responsible sexuality
- c) Inform about sexually transmitted diseases and the risks involved in contracting any of them.
- d) Provide information to men as stewards of their partner's pregnancies
- e) Know step by step the process of the gestation of a baby
- f) Inform about contraceptive methods
- g) Provide information about abortion and its consequences

# Description

- The main action to implement:
  1. Mobile Classroom School Truck (Yellow Type) - Bus, used and bought and imported from the United States. With the aim of giving talks in remote places in Nuevo León, on the prevention of pregnancies and violence, in addition to conducting medical consultations with gynecologists, psychologists, nutritionists, and even transfer of support brigades for seminars.

# Project location:

NUEVO LEÓN,  
MONTERREY:  
we will reach the  
underserved regions  
of the state that need  
this help.

Start date: March 2021:

1. The bus will be bought to be able to remodel and be able to condition it for the mobile clinic, which we contemplate will be carried out in a month and a half.
2. At the same time, work is done on the material to be exposed in the sex education talks

Start date: December 2021:

1. The truck will be ready in April and we will start in May with talks and medical consultations.
2. We will do the job in 8 months. But “Casa mi angel” will have the equipment for them, that is, they will be able to continue with this program as long as it takes
